

The Indian Iron and Steel Database, 2018-19

The vast, heterogenous and complex nature of the spread of the modern day domestic iron and steel industry has necessitated an enumeration – a State/UT-wise listing of the iron and steel units. Accordingly, with dissemination of information as one of its core activity, Joint Plant Committee (JPC) has come up with its latest offering, the *“The Indian Iron and Steel Database”* – a first of its kind publication which provides a detailed listing of the units present in the country in 2018-19, segment-wise, category-wise and most importantly - and which is the cornerstone of the publication - State/UT-wise.

Price: Rs. 15000/-
